PERENNIALS

NATIVE PERENNIALS/ GRASSES/SHRUBS/TREES

FOLLOWING IS A LIST OF PLANTS THAT ARE NATIVE TO CAPE COD.
PLEASE CALL FOR SIZE, AVAILABILITY AND PRICE.

As part of our long-standing support of sustainable gardening practices and duty of care to our fragile local ecosystem, we are taking even greater steps this year toward supplying native plants to our local community. This season we plan to have an even greater selection of native plants (or 'straight species' as they are often called), sourced from even more local suppliers. We have dedicated 4x the space in our yard compared to last year for our native plant collection, and we've moved the area up to beside our nursery shed, making it even easier to find what you're looking for.
